THCI RFP 2024**Frequently Asked Questions**

How much funding can I apply for?	amount of funding requested should be proportionate to the scope of work and/or reach of the proposed program (i.e., how many high-need ZIP codes does your proposal include).	
When will a decision be determined? Will Texas Health use an evaluation team for this initiative?	Notification of grant awards is December 6, 2024. Recipients of grant awards will attend an onboarding online seminar and meet with their assigned THCI Program Manager in January of 2025.	
When does the grant cycle begin and end?	The grant cycle begins January 1, 2025, and ends December 31, 2026.	Applicants must demonstrate the ability to begin implementing activities within four months of the execution of the MOU.
Is there a matching percentage?	This is not a matching grant.	
Is capital equipment allowed?	Capital expenses, construction projects, and purchase of large equipment. Mission critical equipment purchases may be considered and must be approved by THCI.	
Who can I reach out to about questions?	Email THCI-grants@texashealth.org. Include proposal title and specific region in subject line. Deadline to submit questions is July 24, 2024, at 4pm.	https://www.texashealth.org/RFPInformation Each region will host a 1-hour online seminar to answer all RFP questions in July.

<p>What are the indirect cost limits?</p>	<p>Not to exceed 10% of the total collaborative direct costs. Indirect costs are expenses that do not relate to a specific intervention or service such as overhead, utilities, accounting, and rent support.</p>	
<p>“In Tarrant County, is the funding only available for programs that address High Blood Pressure?”</p>	<p>Address Social Determinants of Health that have a positive impact on health outcomes for low-income adults 18+ living with high blood pressure and/or diabetes in the target ZIP codes.</p>	
<p>“Can you expand on the funding exclusion "direct delivery of reimbursable health care services"? Does that mean that healthcare services provided through the grant can only be given to individuals free of charge or at a fixed rate? Can we provide healthcare services to individuals with Medicaid/Medicare/CHIP using grant funds?”</p>	<p>Reimbursable Healthcare Service is a service or program eligible for a provider Medicare, Medicaid, WIC, or Commercial Insurance; those expenses are not eligible for grant funding. If a person is not eligible to receive the above listed services, then it is an eligible expense. Ex: If a local behavioral health authority receives government funding to offset costs for indigent counseling services, then it would be an ineligible expense.</p>	
<p>“I reviewed the RFP and am aware that it is zip code specific. We fall outside of the Fort Worth zip code on RFP but realize that some participants in our programs live in the specific zip code that is in the RFP. Our site is located in Fort</p>	<p>It is fine for the organization(s) to be in another ZIP code and serve the target ZIP codes but remember we only fund collaborations of two or more organizations and not individual organizations.</p>	

Worth 76116. Will this preclude us from participating?"
